Date of Notice: May 19, 2004
PUBLIC NOTICE OF AN
ADDENDUM to MND (No. 40-0932)
JO: 182491

The City of San Diego Land Development Review Division has prepared an Addendum to MND (No. 40-0932) for the following project.

General Project Information:

- Project No. 32218, SCH No. 2001061035
- Community Plan Area: N/A
- Council District: N/A

Subject: Otay Water Treatment Plant Upgrades (Phase 3): COUNCIL APPROVAL of CAPITAL IMPROVEMENTS PROJECT (CIP) No. 732850 for: (a) the construction of a flocculation/sedimentation basin to be connected to an existing sludge line by a below-grade pipeline 463 feet long and 12 inches in diameter; the rehabilitation of 16 filters to be connected to an existing waste wash water line by a below-grade pipeline 176 feet long and 24 inches in diameter; (b) an ultraviolet (UV) disinfection facility, filter effluent meter vault, and associated pipeline and electrical support facilities; a chlorine contact basin; and (c) four filters; a UV reactor; and the rehabilitation of two existing flocculation/sedimentation basins. The existing Otay Water Treatment Plant (WTP) is located on property owned by the City of San Diego at 1500 Wueste Road, southwest of the Lower Otay Reservoir, within the City of San Diego, the City of Chula Vista, and the County of San Diego. The proposed improvements would be located west and north of existing facilities within the treatment plant. The area within the existing facility (24.4 acres), bounded by an existing fence, is excluded from the Otay Lakes Cornerstone Agreement and the Multi-Habitat Planning Area (MHPA). An additional five acres outside the fence line is also excluded from the Otay Lakes Cornerstone Agreement and the MHPA for future expansion. The site is not included on any Government Code Listing of hazardous waste sites.

Applicant: City of San Diego Water Department, CIP

Recommended Finding: The recommended finding that the project will not have a significant effect on the environment is based on an Initial Study and project revisions/conditions which now mitigate potentially significant environmental impacts in the following area(s): None.

Availability in Alternative Format: To request this Notice, the Addendum to MND (LDR No. 40-0932), Initial Study, and/or supporting documents in alternative format, call the Development Services Department at (619) 446-5460 or (800) 735-2929 (TEXT TELEPHONE).
